LAWS OF MAINE

RELATING TO

PUBLIC SCHOOLS

1911

Being Chapter 15, Revised Statutes of 1903, (and subsequent amendments thereto) together with certain of the Public Laws of 1905, 1907, 1909, and 1911, governing the management of all public schools except those in districts organized with special powers by acts of Legislature.

(Enactments of 1911 are effective June 30, 1911.)

CHAPTER 15.

EDUCATION OF YOUTH.

LOCATION OF SCHOOLS.

SEC. 1. The school districts in all towns in the state are abolished. *Provided, however,* that school districts organized with special powers by act of the legislature may retain such organization and special powers; but said districts shall annually on or before the first day of June, by their agents, trustees or directors, submit to the school committees of their several towns estimates of the amounts required for the maintenance of the schools therein, other than free high schools, for the ensuing school year, and shall be entitled to such portion of the common school funds of the town as said committees shall determine, which sum shall not be less than is necessary for the maintenance of their schools for a period equal to that of the other schools of the town; and *provided further,* that the corporate powers of every school district shall continue so far as the same may be necessary for meeting its liabilities and enforcing its rights; and any property held in trust by any school district by virtue of a gift, devise or bequest for the benefits of said district shall continue to be held and used according to the terms thereof.

SEC. 2. The location of any school legally established prior to March seventeen, eighteen hundred and ninety-three continues unchanged, notwithstanding the district is abolished; but any town at its annual meeting, or at a meeting called for the purpose, may determine the number and location of its schools, and may discontinue them or change their location; but such discontinuance or change of location shall be made only on the written recommendation of the superintending school committee, and on conditions proper to preserve the just rights and privileges of the inhabitants for whose benefits such schools were established; *provided, however*, that in case any school shall hereafter have too few scholars for its profitable maintenance, the superintending school committee may suspend the operation of such school for not more than one year unless otherwise instructed by the town, but any public school failing to maintain an average attendance for any school year, of at least eight pupils, shall be and hereby is suspended, unless the town in which said school is located shall by vote, at the annual meeting after the said committee shall have made a written recommendation to that effect, instruct its superintending school committee to maintain said school. SEC. 3. When a location for the erection or removal of a schoolhouse and requisite buildings has been legally designated, by vote of town at any town meeting called for that purpose and the owner thereof refuses to sell, or, in the opinion of the municipal officers, asks an unreasonable price for it, or resides without the state and has no authorized agent or attorney therein, they may lay out a schoolhouse lot, not exceeding

And any town or city may take real estate for the enlargement or extension of any location designated for the erection or removal of a schoolhouse and requisite buildings and playgrounds, as herein provided; but no real estate shall be so taken within fifty feet of a dwelling-house, and all schoolhouse lots and playgrounds that require fencing shall be fenced by the town or city.
